## TECHNICAL DATA SHEET SHINE & PROTECT SPRAY

Ref. : 640

### 1. GENERAL DESCRIPTION

Super Help Shine & Protect Spray the best solution to protect and renew your bicycle.  
Non-sticky protective layer on your frame, drive chain, metal and plastic parts, carbon and paintwork.  
Shiny effect. Freshens colours and gives a high gloss.  
Forms a protective barrier against colorfading and hardening.  
Leave a non-staining, water-repellent film.  
Thanks to its anti-static properties, it repels dust.  
Ideal for maintaining bicycles that are not used on a regular basis or for bikes in showrooms.

### 2. FEATURES

- Renovates Bicycle frame.
- Brightens up colours.
- Gives a high shine finish.
- Preserves and protects against corrosion.
- Forms a clear, shiny, inert, non-staining, water-repellent film.
- Cleans and protects plastic and rubber.
- Leaves a fresh Strawberry fragrant perfume.
- Harmless to the rubbers and plastics. Test on a small area before using on very sensitive plastics, adhesive mounted or stressed parts.
- Carbon tested.
- Aerosols use butan-propane propellant to maintain high pressure to the very last fluid in the can.

### 3. APPLICATIONS

- Bicycle
- Motorcycle.
- Plastic and rubber.
- Carbon.
- Paintwork.

### 4. DIRECTIONS

- The parts to be treated must be clean and dry.
- Spray a light, even film and wipe out immediately with a lint free cloth.
- Do not apply to tyre treads, pedals and braking parts !
- Use with adequate ventilation. Do not use on energized equipment. Allow to dry thoroughly and wait before reactivating system.
