TECHNICAL DATA SHEET SPRAY ADHESIVE

Ref. : 31400

UFI n. DFV3-EF17-M10U-1FCT

1. GENERAL DESCRIPTION

Super Help Spray Adhesive is a permanent, high-strength adhesive.

It is ideal for a wide range of materials and substrates,

including wood, metal, plastic, rubber, glass, paper, card and felt.

Provided with a variable position nozzle to enable desired erogation power.

(H= high, M= medium, L= low erogation power)

2. FEATURES

- Provides permanent bonds
- 3 position valve to enable desired erogation power.
- Economical in use - only a light film is required for instant grab

3. APPLICATIONS

- Carpet
- Fabric
- Cork
- Paper/Carton
- Wood
- Metal
- Plastic (Always test a small area before use, because the product may affect some plastic materials).
- Etc

4. DIRECTIONS

- Shake the can before use.
- Adjust the variable position nozzle to the desired setting (H= high, M= medium, L= low erogation power)
- Apply an even coating to both surfaces to be bonded from 25 – 30 cm.
- Apply to one surface only for an initial re-positionable bond.
- Do not bond until the adhesive is tack-dry
- Bond the surfaces together using firm pressure.
- After use, to prevent blockages of the nozzle, spray with the can upside-down
- Check plastics and rubber compatibility before use. Do not use on sensitive electronics.
- Use with adequate ventilation. Do not use on energized equipment. Allow to dry thoroughly and wait before reactivating system.

6. PACKAGING

aerosol : 12 x 400 ml

Bar code Nr. 8028687314007

Date : 10-12-2025
