TECHNICAL DATA SHEET

Wash&Wax

Ref. : 200

UFI: A5J0-50MY-A00C-Y6HC

1. GENERAL DESCRIPTION

A self-drying Wash&Wax shampoo for cleaning bodywork.

Formula specifically designed to combine cleaning and degreasing action, effective polishing and easy drying. Ideal for cleaning, polishing and drying the Car, Motorcycle, Bicycle and Boat body in one application.

Leaves a protective film against dust and rain.

Thanks to the self-drying effect, water droplets simply slide off the bodywork.

It is ideal for all types of paint and for cleaning rubber and plastic parts.

2. FEATURES

- Cleans and degreases.
- Self-drying: the rinse water gathers in droplets and run off easily along the body making it quick drying.
- Leaves a protective film against dust and rain.
- Biodegradable >90%

3. APPLICATIONS

- Car and truck
- Boats
- Bicycle
- Motorcycle

4. DIRECTIONS

Wash & Wax Shampoo, for Auto, Moto and Bicycle.

USE: shake well the bottle before use. Dilute 50 gr (7 Caps) of shampoo in 8-10 litres of water.

Wet the car, removing any traces of soil that could scratch the bodywork.

Wash the car with a sponge.

Rinse thoroughly with water and dry the tiny drops remaining on body with the appropriate suede cloth.

Warnings: Do not apply on hot surfaces or under direct sunlight. Prevent the product to dry on the pain.
