TECHNICAL DATA SHEET SILICONE STICK

Ref. : 300-DK

1. GENERAL DESCRIPTION

Quick action.

An easy to operate silicone stick, specially designed to treat rubber seals in automotive, marine or domestic applications.

2. FEATURES

- Prevents rubber seals to freeze against metal parts during winter time.
- Prevents rubber seals from drying out during summer time.

3. APPLICATIONS

- Door and trunk seals of cars & boats windows.
- Window seals
- Sliding frames of electrical operated car windows
- Door seals of washing machines and dishwashers
- Rubber seals of freezers

4. DIRECTIONS

- Squeeze the tube until the sponge gets wet. Spread the product gently over the surface to be treated. Repeat this operation whenever necessary.
- Use with sufficient ventilation. Do not use on energized equipment. Wait before reactivating system.

6. PACKAGING

Tube with sponge : 12 x 50 ml
