## TECHNICAL DATA SHEET BIOLUB X5

Ref. : 30400

### 1. GENERAL DESCRIPTION

Biodegradable Multi-Purpose Spray. BIOLUB X5 lubricates, cleans, protects, displaces moisture, release oxidation. Lubricates and penetrates rusted parts, protects against corrosion, water-proof action. Protects electronic and electric parts against moisture. It is a high quality multi-purpose product, obtained by chemical synthesis of renewable vegetable raw materials. Eco Friendly Product !

### 2. FEATURES

- Penetrates quickly, even into the finest pores and cracks of the surface.
- Lubricates and restores smooth action.
- Displaces moisture out of all electrical systems.
- Loosens rusted parts and makes them work again.
- Stops annoying squeaks.
- Leaves a thin film that protects metals from corrosion induced by humidity and other corrosive atmospheres.
- Easy repair: no need for disassembly.
- Safe for all metals and alloys.
- Safe on most painted surfaces, coatings, plastics and rubbers (if in doubt, test prior to use).
- Aerosols use butan-propane propellant to maintain high pressure to the very last fluid in the can.

### 3. APPLICATIONS

A modern, versatile help for hundreds of repair jobs in all working environments.

- Electrical parts : plugs, switches, coils, leads, ...
- Cars : distributors, battery terminals, cables, starter motors, aerials, nuts and bolts, chrome, seat slides, door latches...
- Home : door locks and hinges, sliding doors and windows, drills, locks, hinges, catches, DIY tools, scissors, zippers, buggies, toys, ...
- Leisure : fishing gear, bicycles, garden tools, roller blades, roller skates, ski fittings, marine, golf buggies, ...
- Hundreds of other uses in : workshops, garages , building sites, factories, offices, gardens, homes, do-it-yourself, ...
- Equipped with 360° special valve enabling the erogation of the product with the can in upside-down position and with a straw to reach even inaccessible parts for a better maintenance.
- The straw supplied with the can enables two different spray ways: a precise application through the straw in order to reach even those tight and hidden spaces in gears and mechanisms and a greater spray coverage, thanks to the direct spray nozzle.

### 4. DIRECTIONS

- Apply generously and allow penetrating. Full penetration may take a few minutes or more.
- For hard to reach areas, use extension tube.
- Use with adequate ventilation. Do not use on energized equipment.

### 6. PACKAGING

aerosol : 12 x 400 ml

REF 30400 – 400 ml Bar code Nr.8028687304008

Date : 01-07-2022
